TENANTS INSURANCE

It is a common misconception that your landlord's insurance will protect your possessions. Make sure you're appropriately covered with a policy specifically designed for tenants...

At One Broker we can provide cover for:

- Contents, personal possessions and bicycle cover under one tailored policy
- Accidental damage to landlord property, contents, fixtures and fittings
- Accidental damage to your own possessions as standard
- Public and occupiers liability
- Pet damage cover for landlord property, contents, fixtures and fittings (optional)
- Food in the freezer
- Personal money
- Business equipment
- Alternative accommodation
- Replacement locks and keys
- Smartphones

IN ADDITION, WE OFFER:

- The ability to specify valuable items in and away from home above standard policy limits
- In-house claims support
- £100 excess
- £150 excess for damage caused by escape of water

Contact us for full policy details or to discuss specific levels of cover and learn how we can tailor our packages to your individual needs.
